

Formax Autoseal[®] Pressure Seal Equipment

Fast, Efficient, and Affordable Pressure Seal Machines

Whether your environment is a small office or a high-volume mail house, Formax Autoseal pressure sealers from Relyco enable you to process your self mailers quickly and efficiently—at speeds of up to 40,000 forms per hour.

Relyco offers pressure sealers from Formax, a leader in the design and manufacturing of paper processing equipment. Available in a range of options — from tabletop to industrial-size units — pressure sealers eliminate the need for envelopes and enable you to reduce processing time while boosting productivity.

Formax FD 1200 Pressure Sealer

A user-friendly, low-volume solution for processing one-piece pressure seal self mailers, the Formax FD 1200 Pressure Sealer is capable of processing up to 35 forms per minute. The Formax FD 1200 features the ability to process 14" forms, and provides an integrated catch tray enabling operators to complete daily processing jobs with ease.

Formax FD 1400 Pressure Sealer

Ideal for processing documents in an office environment with low-volume applications, the Formax FD 1400 Pressure Sealer has a speed of up to 60 forms per minute with a duty cycle of 10,000 per month and the added capability of processing 14" forms, enabling operators to complete daily processing jobs with ease.

Formax FD 1500 Pressure Sealer

The FD 1500 AutoSeal is the low volume pressure seal solution for processing one-piece pressure sensitive mailers. Built with proven Formax technology, the FD 1500 provides an economical solution with the quality and reliability you have come to expect from Formax. The added capability of processing 14" forms gives the FD 1500 the versatility needed to fold and seal virtually any low volume application to meet your needs.

Formax FD 1500 Plus Pressure Sealer

The FD 1500Plus AutoSeal is an ideal low-volume pressure seal solution for processing one-piece pressure sensitive mailers that provides an economical solution. A processing speed of up to 5,200 forms per hour enables operators to complete daily jobs in minutes. The added capability of processing 14" forms gives the FD 1500Plus the versatility needed to fold and seal virtually any low volume application to meet your needs.

Formax FD 2000IL Pressure Sealer

The Formax FD 2000IL System allows operators to print, fold and seal pressure-sensitive one-piece mailers in one step, reducing processing time while increasing document security. The FD 2000IL System works in line with model-specific MICR and non-MICR desktop laser printers with a fully enclosed paper path for increased document security.

Formax FD 2030 Pressure Sealer

The Formax FD 2030 Pressure Sealer offers standard features that include a six-digit counter, jog control, fault detection, LED indicators and an operator friendly touch-pad control panel. Up to 250 forms can be loaded in the feeder and processed at speeds up to 9,000 forms per hour with a duty cycle of 75,000 per month.

Formax FD 2054 Pressure Sealer

The FD 2054 Pressure Sealer is designed to process a variety of form sizes and weights. The fold tables are automatically adjusted for standard folds and custom folds. Documents that are 8 1/2" x 11"/14" and 11" x 17" (A5, A4, A3, B4, B5 & B6) are detected by sensors on the in-feed tray. Batch counting, and self-centering side guides are added features. Three standard folds are pre-programmed for 11", 14" and 17" forms, uneven C and Z folds for 14" forms, and up to 35 custom folds can be programmed. The sealer will stop automatically after the last document has been processed.

Formax FD 2052IL Pressure Sealer

The FD 2052IL System allows operators to print, fold and seal pressure-sensitive one-piece mailers in one step, reducing processing time while increasing document security and confidentiality. The Formax FD 2052IL System works in-line with model-specific MICR and Non-MICR desktop laser printers with a fully enclosed paper path for increased document security.

Formax FD 2084 Pressure Sealer

A combination of the Formax FD 2094 Pressure Sealer and the Formax FD 676 Maxi Burster, the Formax FD 2084 Pressure Sealer can separate, fold and sealing continuous pressure seal forms in line. The Formax FD 2084 is capable of processing up to 400,000 forms monthly at speeds of up to 28,000 forms per hour.

FD 2084 Continuous Feed, includes a FD 676 Industrial Burster

Formax FD 2094 Pressure Sealer

The Formax FD 2094 Pressure Sealer is fully-automated and uses a bottom air-feed system for continual loading of cut-sheet forms. The Formax FD 2094 processes pressure seal self mailers at speeds of up to 28,000 forms per hour with a duty cycle of 400,000 per month.

Formax FD 2200 Series Pressure Sealer

The Formax FD 2200 Series offers fully automated settings to provide for quick and easy setup of different high-volume jobs. Processing speeds of up to 40,000 forms per hour and an unlimited duty cycle set the industry standard for speed and production capabilities.

Four models available, each with automatic fold setting adjustments and capacity of up to 40,000 forms per hour and unlimited monthly duty cycle. FD 2200 air feed, FD 220-EX extended air feed system, FD-2250 pile-loader in-feed, and FD 2280 with in-line FD 676 Maxi Burster.
