

Laser Substrate Solutions from Relyco

Do so much more with your laser and digital printer

From waterproof paper to self sealing forms to carbonless laser paper and much more, Relyco has unique laser compatible substrates (paper materials) that enable users to get so much more out of their printers.

Laser printing is both cost effective and efficient while putting you in complete control of your finished product. Here are the laser substrates Relyco offers and just some of the thousands of vertical market applications addressed.

REVLAR™ “Virtually Indestructible” Paper

Waterproof, Durable, Tear-Resistant Paper for Thousands of Applications

Relyco's **REVLAR** is laser compatible, durable, tear-resistant, heat tolerant, and waterproof paper. It is an ideal solution for outdoor applications or for anytime your printed materials will be subjected to frequent handlings or extreme conditions. No matter what you throw at it, **REVLAR** performs without the need for costly lamination processes. **Available in various weights, sizes, and colors, REVLAR is versatile enough for nearly any application.**

ULTRASEAL™ Self Mailer Pressure Seal Forms

Improve Efficiency and Reduce Waste by Eliminating the Envelope

ULTRASEAL from Relyco is the cost-effective and environmentally friendly way to create, process, and deliver mailed pieces without an envelope. Fully laser printer compatible, **ULTRASEAL** forms are self-sealing and can be quickly run through a pressure seal machine to significantly reduce processing times and labor costs associated with hand-folding and envelope stuffing. **Relyco offers the largest variety of stock items, in addition to customized solutions to suit specific business needs.**

REIMAGE™ Carbonless Laser Paper

Cost-Effective, Environmentally-Friendly Carbonless Laser Paper

From purchase orders to invoices, statements to shipping forms and more, Relyco's **REIMAGE** ensures a smooth transition from traditional, expensive multi-part carbonless forms to a customizable format that is affordable and efficient to produce. In fact, businesses are achieving up to 50 percent savings when they create custom **REIMAGE** forms for use in their operations.

REIMAGE carbonless laser paper is available pre-collated for single-tray use or uncollated for use in multiple tray (or even multiple printer) applications. Choose 2-, 3- or 4-part forms, from white/canary to white/canary/pink/goldenrod.

DigiPOP™

Personalize - Customize - Print, Fold & Go!

DigiPOP substrate templates are ideal for personalized direct mail, presentations, corporate gifts, special events, fundraising – you name it. With 120 patented and ready-to-run package, folder, and mailer designs to choose from in our new line of DigiPOP custom digital packaging solutions for large-format laser and digital printers, your next event, giveaway or marketing campaign will reach new levels of creativity, response, and respect. **DigiPOP** will make your next promotion or presentation **POP** and save you time and money.

Premium Secure Laser Checks

The Right Check for Your Business — Guaranteed

Whether you're looking to bring your check printing process in-house or are already there, look no further. Relyco understands that the right check stock is a critical component of effective check printing. We offer a full portfolio of premium laser checks in over 50 layouts and up to 17 different security features to deliver high-quality MICR documents to meet your business needs. As members of the ASC X9AB Check Processing Subcommittee, Relyco ensures our stock and custom check products are kept up to date with all approved standards. **No matter how many checks you print, or what software you use, Relyco has a check that will work for you. If we don't, we'll design and produce one that does — we guarantee it!**

Payroll, Accounts Payable, Expense Checks

DURASEAL™ Envelopes

Secure, Stylish, or Simple Envelopes for All Mailing Needs

Whether you need a secure envelope that delivers maximum protection for confidential documents, something stylish that will make your mail piece stand out, a simple, standard envelope for everyday business mailings, or maybe even an envelope that does it all; Relyco has the right envelope for you. With every imaginable size and style envelope, you are sure to find the right one. If we don't have what you are looking for, we can create a custom envelope that is perfectly suited to your specific business application.

Security, Inter-Departmental, Anti-Microbial

Laser ID Cards

Laser-Compatible, User-Friendly Membership and ID cards

Relyco's ID cards are designed to be laser compatible and are available in a range of materials — paper, poly, and plastic. Simply choose the ID card that meets the quality, durability and cost requirements of your unique project.

Membership, Visitor Passes, Employee ID

LaserBand® ID Bracelets

Self-Laminating, Laser Printer Generated Patient ID Bracelets

Ideally suited to hospitals and medical clinics, LaserBand ID Wristbands are self-laminating and laser printer generated, with integrated admission labels printed on a single sheet. Many of the identification systems used in hospitals today are outdated, require time-consuming processes and require special equipment. LaserBand utilizes affordable, easy-to-use laser printers — saving time and money.

Hospital ID Bracelets

Security/Prescription Paper

Ensure Security of Original Documents

Ideal for any business or organization — including government, education, healthcare, and legal — that needs to protect the integrity of its original documents. Relyco's security paper features an embedded pantograph that causes the words “UNAUTHORIZED COPY” or “VOID” to appear repeatedly on every photocopied sheet. In addition, the security paper contains an artificial, coin-reactive watermark that is printed using special ink, which does not appear on photocopies.

Prescriptions, Wills, Contracts

ENDURA LABEL™

Standard, Custom, or Integrated Labels for Unique Application Requirements

Relyco has thousands of stock label templates available in many different materials, including waterproof. Custom label solutions are also available. To meet complex applications, Relyco offers integrated form label solutions.

Integrated Shipping Labels, Waterproof Labels, Address Labels
