## SUBSTITUTE CHECKS

for Check 21 Compliance from **RELYCO**

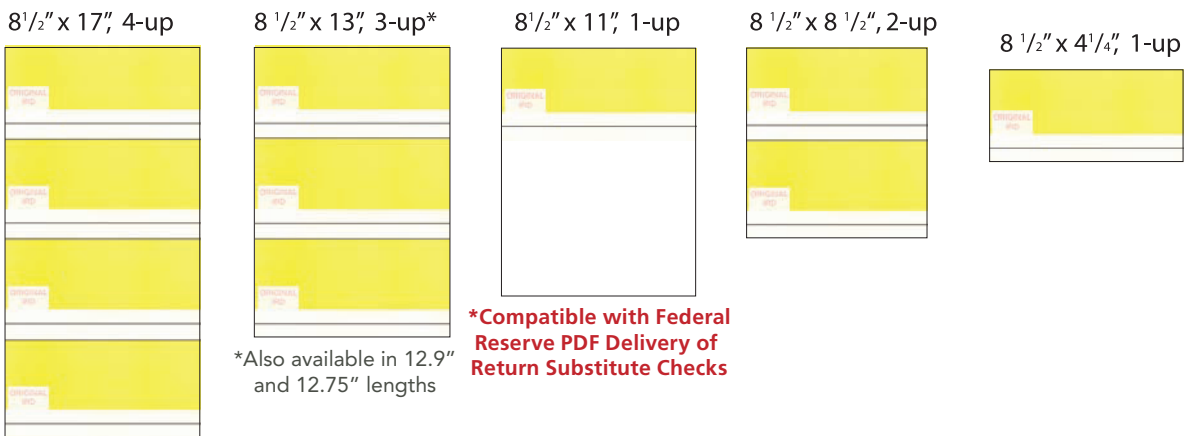

**Relyco IRD/Substitute Checks** are specifically designed to comply with the ANSI X9.100-140-2008 technical guidelines in size, layout, paperweight, and document security. Our forms are image friendly and provide optimal scanning consistency. Moreover, Relyco's IRDs/Substitute Checks incorporate covert and overt security features to deliver protection from fraud and are manufactured on high quality safety paper for superior laser compatibility.
