

MAGNACHEK® High Security Laser Checks

Features

- 3-1/2" checks offer a middle configuration in addition to top and bottom
- Blue, red, and green color formats for easy distinction between accounts or applications
- Blue, green, and red color formats for easy distinction between accounts or applications

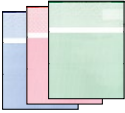

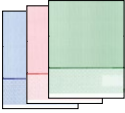

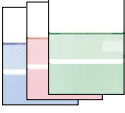

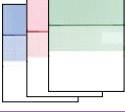

Advanced security features::

- **Enhanced Toner Adhesion** to enhance toner on paper preventing alteration of information
- **Covert Fluorescent Fibers** can be detected with UV light to prove authenticity
- **Solvent-Reactive Color Spotting** is present when exposed to chemicals after check alteration

Premium 3-1/2" Laser Checks with 15 Built-In Security Features

With the same array of built-in security features as the BASICHEK® line, our MAGNACHEK® line offers 3-1/2" checks—ideal for users who are converting to laser from traditional 7" continuous documents where both the check and stub are 3-1/2" tall. MAGNACHEK laser checks are compatible with many software systems to print 3-1/2" checks.

MAGNACHEK® High Security Laser Checks 				
Part No.	Size	Check Size/ Position	CPA Compliant	
 MC351BL MC351RD MC351GR	8-1/2"x11" 2 Perforations at 3-1/2" & 7"	3-1/2" Top Check	MC351GR-CC

 MC3052BL MC3052RD MC3052GR	8-1/2"x11" 2 Perforations at 3-1/2" & 7"	3-1/2" Middle Check	No	

THE FACE OF THIS CHECK IS PRINTED GREEN - THE BACK CONTAINS A SIMULATED WATERMARK

- Microperforation** allows for clean, easy tear
- Warning Band** alerts tellers or check recipients to the presence of security features
- Copy-Void** when check is photocopied the word VOID appears
- Image Friendly** convenience amount area to meet Check 21 Compliance regulations
- Voidless Postal Window** where copy-voice is removed for increased postal compatibility
- FPO**
- Microprinting** is too small to be photocopied
- Padlock Security** check protection system to alert tellers of security features. The back of the check details features for the tellers
- Clear Band** allows for accurate MICR reading

By printing the back of this stub portion with **NON-NEGOTIABLE**, it helps prevent fraudulent use of the blank portion of the form.

Endorsement Warning above endorsement alerts the teller and/or the recipient to the presence of security features which can be verified before processing the check.

Microprinting of the endorsement line to verify the authenticity of the document.

Copy/Void safety feature in **Endorsement Backer** helps prevent copying of signatures.

Simulated Watermark safety feature, visible when viewed at 45° angle, is coin-reactive and can not be easily photocopied and scanned.

Anti-Splice Backer diagonal words of varying sizes make it difficult to alter information by the cut-and-paste method.

Image: This security document security includes: warning band, copy-void safety, microprinting, diagonal anti-splice backer, simulated watermark, and other features and their use. © 2019 Relyco. All rights reserved.

WARNING: THE BACK OF THIS CHECK CONTAINS A SIMULATED WATERMARK. HOLD AT 45° ANGLE TO VIEW.
